City Adventures: Animate Your Local Charm with Procreate Dreams: Discover the magic of creating unique video postcards by animating over footage using the excellent Procreate Dreams app in this exciting course!

What You'll Learn:

- Utilize Procreate Dreams features such as the performance tool, flipbook tool, masks, blending modes, flipbook, and frame-by-frame animation.
- Plan compositions over live-action footage to enhance your animations.
- Stabilize your footage with After Effects for seamless integration.
- Create animations that interact with the live-action surroundings, adding depth and realism.
- Learn how to export and share your animated videos and stills with the world.
- Elevate your animation skills and take them to the next level.

Why You Should Take This Class: Embark on a journey to learn animation over video while rediscovering your city with fresh eyes. Express your creativity through animated postcards that capture the essence of your favourite spots. This course offers a step-by-step guide to mastering the features and shortcuts of Procreate Dreams, ensuring a fun and accessible animation experience for everyone.

Who This Class is For: This class caters to a diverse audience, offering various difficulty levels in animation techniques and providing insights to help you advance your skills. Whether you're a seasoned animator or just starting, if you're a creative individual looking to have fun animating over video, this course is for you.

Materials/Resources: While Procreate Dreams and an iPad will be used for demonstrations, the skills taught will also apply to animation tools. Cess to additional resources, including a secret Pinterest board for inspiration and a comprehensive recap PDF outlining key learnings and valuable links.
