**Draw Stylized Mini Portraits and Color Palettes in Procreate:** Are you passionate about crafting character mini-portraits but find the complexities of mixing colors and painting realistic skin tones daunting? Fear not, because I've crafted the perfect class just for you.

In this fresh and exciting course, we'll dive deep into the intricacies of creating stylized character portraits while mastering the art of color mixing and painting authentic skin tones. Here's a glimpse of what the class covers:

- **Character Mini Portraits:** We'll start with simple shapes to ease you in. Beginning with basics helps alleviate the pressure of perfection from the start.
- **Color Mixing & Skin Tones:** Say goodbye to the struggle of figuring out the perfect skin tones. I'll share my tips on mixing darker and lighter tones and guide you on choosing cooler and warmer colors.
- **Value Understanding:** We'll explore values to simplify your decision-making process for color combinations.

### Who's This Class For?

- **Beginners:** If you're new to Procreate, no worries—I'll guide you step by step.
- **Intermediate and Advanced Artists:** Even if you're familiar with Procreate and character drawing, this class is perfect for you if you want to elevate your color game.

**Why Take This Class?** Understanding the fundamentals of color and shape can elevate your artwork. This class aims to remove the guesswork from color mixing and shape building so you can focus on creating art that truly resonates.

**How to Share Your Work** Once your project illustration is ready and you're thrilled, don't keep it to yourself! Please share it on Instagram and tag me in the image [@art\\_side\\_of\\_life](#). This way, I can see your fantastic work, and who knows, it might even feature in one of my upcoming videos.

**More to Explore** If you're hungry for more, I have a variety of Procreate classes ranging from beginner to advanced levels on various topics. There's always something new to learn! And if you want the Procreate brushes I'm using, don't forget to check out my Procreate brushes shop.

Let's dive in and start creating. See you in class!
