Kimla Designs – Pastel Spring Overlays: Create a spring-like pastel effect in seconds. Make the most of the green hues you already have, or transform dull images to create a stunning pastel spring look. They work well with photos taken outdoors, generally. Works with any editing software that allows layers (PS, PSE, PSP GIMP)

You can also check out other examples of overlays being used.

35 Pastel Spring painted photo overlays Were saved in a PNG image with 300 dpi resolution.

Approximately 8x11.5in size. The size is 8x11.5 inches, but they can be changed to accommodate larger or smaller dimensions without any issues.
