Acidbite Dystopia SFX: This pack of sounds is designed ideal for those who love deep and vibrant soundscapes.

That gut-wrenching feeling you experience when someone grabs the pizza's last slice from your hand? We've condensed that experience to create our Dystopia Sound Effects. In this pack, you'll find a range of dark and cinematic SFX files, from short swooshes to long soundscapes. We use them to smooth quick edits or to create sound effects for commercials as well as videos with music.
