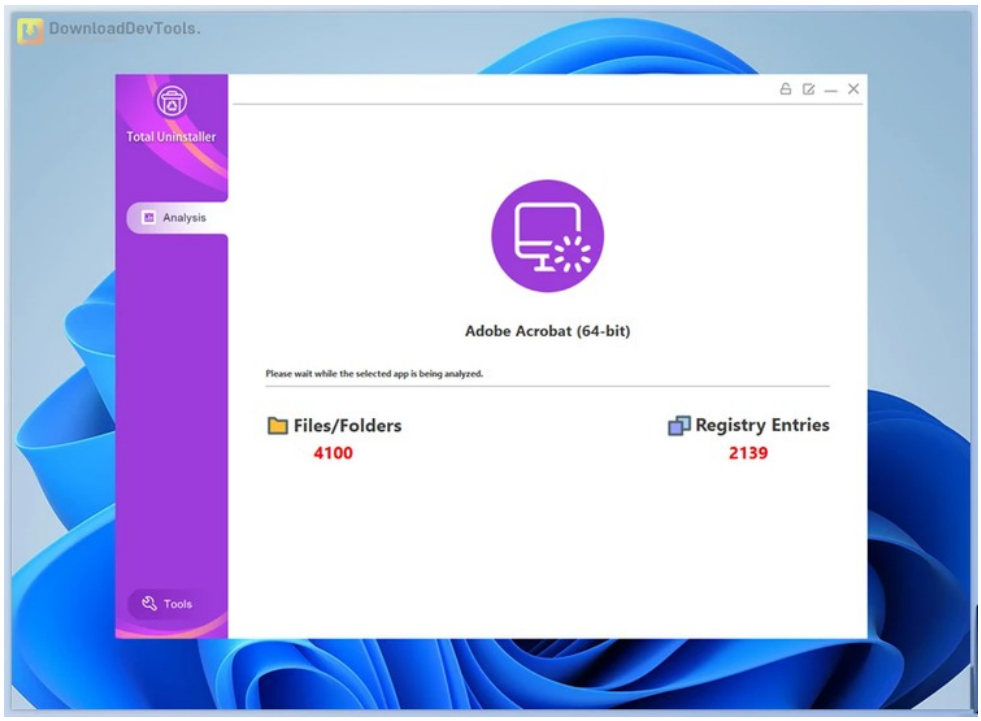
Total Uninstaller 2024 v3.0.0.799

2025-08-21 22:25:09



Total Uninstaller is a comprehensive Windows uninstaller designed to efficiently remove any app and clean up leftover files and entries, enhancing your device's performance. With a streamlined workflow, users can easily select, analyze, review, and uninstall apps with just a few clicks, ensuring a hassle-free experience. The program offers a lightweight design, prioritizing performance and minimizing resource usage.

The application provides powerful features, including intuitive app search, streamlined app removal workflows, and cleanup tools for thorough removal. Users can efficiently manage Windows apps in a centralized interface, with options to search, scroll, and sort apps based on various criteria. Total Uninstaller includes handy tools like Shortcut Cleaner and Folder Cleaner to clean up junk further and improve overall system performance.

stands out with its intelligent corrupt app removal and uninstall errors troubleshooter, addressing issues like missing uninstallers and incomplete uninstall processes. The program prioritizes privacy and security, keeping user data encrypted on the local disk without the need for logins or tracking sensitive information. With the continuous development of utility tools, **Total Uninstaller** offers a reliable solution for users seeking a powerful, secure, and user-friendly uninstallation experience on Windows.

Key Features of **Total Uninstaller**:

1. Efficiently uninstall any app on Windows
2. Clean up leftover files and entries for thorough removal
3. Streamlined app removal workflows for simplicity
4. Lightweight design for fast and clutter-free operation
5. Visual and simple app search by name, icon, and vendor

所有软件资源 100%安全 已检测 无病毒 无篡改
