Quick and Easy Font Making on Your iPad: Welcoming you to "Quick and Easy Font Making on Your iPad"! Are you eager to explore the realm of design for fonts and make your unique fonts? If you're a talented writer or looking to create a unique style despite your penmanship not being perfect, this class is for you.

Course Description: This class will teach us the power of IFontMaker, Procreate, and Canva to create custom fonts fast and effortlessly using your iPad. Learn how to turn your ideas into a typeface that reflects your personality and style.

Benefits of Joining:

- Use your gorgeous handwriting to create your font, even if you have poor handwriting
- Keep the memories from your child's writing, or record your own emotions with custom fonts
- Let you unlock the possibilities for fonts in a straightforward and fun manner
- Find out how to apply your fonts immediately within Procreate, along with Canva, to improve your illustrations and designs.
- Step-by-step instructions for using Procreate, IFontMaker, and Canva to create fonts and use
- Tips and tricks for optimizing the process of creating fonts
- Demonstrations on how to install and use your fonts within Procreate and Canva
- Bonus exercises that will spark your imagination and stimulate fonts that are different
