

## My neighbor Totoro in 3D Blender 4. Beginners Course

2025-02-10 17:03:42 [label](#) [我要反馈](#) [下载页面](#)

**My neighbor Totoro in 3D Blender 4. Beginners Course:** Step into the enchanting world of Ghibli Studio with our immersive Blender class, offering you the opportunity to bring your ideas to life. Beyond just acquiring valuable skills for personal 3D projects, this class aims to immerse you in the captivating realm of Blender, where every concept can be transformed into reality. Whether as a hobby or a potential career path, 3D design holds boundless possibilities, and this class serves as your gateway to that realm.

### What You Will Learn in Our 4 Blocks:

- Modelling Totoro: Utilizing essential tips, tricks, add-ons, and sculpting techniques to bring the iconic character to life.
- Establishing Lighting: Enhancing the scene by mastering the art of lighting to evoke mood and atmosphere.
- Texture Painting: Discovering the world of texture painting in Blender, no prior painting skills are required to enhance your renders' realism.
- Particle Systems: Delving into particle systems to create realistic fur or hair, elevating your creations to new heights.

**Who This Class Is For:** This class is designed for individuals with minimal knowledge and experience in Blender, but newcomers need not worry. With a determined attitude and a bit of time, you'll soon grasp the fundamentals. After all, it's through overcoming challenges that we truly grow.

### Materials/Resources:

- A computer with Blender 4.0 installed (available for free at Blender.org).
- The provided zip file contains references and textures.
- Your boundless imagination and enthusiasm for unleashing your creativity.
