Terminalworks TSWebCam v1.0.8.17

2025-01-20 00:17:24

provides a seamless way to stream your local webcam into a remote session, avoiding the hassle of server-side drivers. As a plug-and-play solution, TSWebCam immediately makes it easy to use your DirectShow cameras in remote environments. It's designed to work smoothly with popular remote software like Skype for Business, VLC, and other conferencing tools, making it ideal for remote work and online meetings.

This reengineered version of **Terminalworks TSWebCam** supports a wide range of applications and hardware thanks to its full DirectShow and DirectX compatibility. Whether you're using video capture cards, ID scanners, or other DirectShow devices, TSWebCam can handle it all. It's designed for effortless integration with Windows Remote Desktop (RDP) and Citrix, allowing for flexible streaming without any special configuration.

With no drivers to install on the server, **Terminalworks TSWebCam** registers as a virtual camera on the server side, making it safe and stable for server use. You can adjust TSWebCam's resolution and compression settings to match your network bandwidth, ensuring smooth video streams without lag or frame drops. TSWebCam makes remote webcam usage easy, reliable, and user-friendly.

Key Features of **Terminalworks TSWebCam** :

1. RDP and Citrix Compatibility: Easily integrates with Windows Remote Desktop and Citrix, allowing remote streaming without additional software or network changes.
2. Driverless Setup: No need to install drivers on the server. TSWebCam registers itself as a virtual camera in user mode, ensuring server stability and ease of use.
3. DirectShow & DirectX Support: Compatible with a wide range of DirectShow and DirectX applications, enabling usage with video capture cards, ID scanners, and other specialized hardware.
4. Customizable Resolution & Compression: This feature allows you to adjust resolution and compression settings for smooth, stutter-free streaming, perfect for tailoring video quality to your network capabilities.
