

Cinematic Film Lightroom Presets By TONE SUPPLIES

2025-02-10 16:48:02 [label](#) [我要反馈](#) [下载页面](#)

Only a few clicks to achieve professional color grading. This preset pack includes 10 professional Cinematic Film Lightroom presets that can be used on both desktop and mobile to enhance your photos. There are 10 presets to choose from, so you can find the perfect Preset for your mood and style.

Cinematic Film Presets can transform your videos and images into beautiful pieces of art. Your shots will stand out with beautiful colors and a cinematic feel.

After being installed on the desktop version, the Presets will be automatically synchronized to the mobile version.

Tone Supplies Lightroom presets are profiled-based, which means they can be adjusted from 0 to 100. They don't touch the sliders and allow you to create stunning results with full control.

What's Inside:

- 10 Lightroom Presets professionally designed
- For best results and adjustability, use a profile-based approach

Supported software:

- Adobe Lightroom CC
- Adobe Lightroom
- Adobe Lightroom Mobile

INSTRUCTIONS FOR LIGHTROOM

1. Download and unzip your Tone Supplies Lightroom Presets (.xmp files).
2. Open Lightroom CC or Classic.
3. Select Edit (E) from the toolbar.
4. Click on Presets at the top of the edit toolbar.
5. In the top right corner of the presets window click the three dots and select Import Presets.
6. Select your Tone Supplies presets and click import.
7. Your presets can now be found in your presets toolbar.
8. The presets are profile based and do not touch the sliders. The intensity can be adjusted via the amount slider at the top of the edit toolbar.
9. The installed presets will automatically sync to the mobile Lightroom version if you log in to your Adobe account.
