**Designing Captivating Characters & Stories with AI and Canva:** Welcome to the enchanting world of crafting characters for children's stories using the dynamic synergy of Canva and cutting-edge AI tools like ChatGPT and DALL-E!

Greetings, I'm Ronny! As a Canva Verified Expert™, I'm thrilled to lead you through the fascinating realm of AI in storytelling and character design. Following a rewarding 2-year tenure at Canva, I embarked on a journey as a full-time content creator alongside my wife, Diana. Together, we've cultivated a thriving YouTube community of 450K members and established a successful six-figure education business.

My fascination with generative AI tools like ChatGPT and DALL-E blossomed in 2023. Unveiling their boundless capabilities proved revolutionary, prompting me to integrate these tools into our creative workflow. My team and I have devoted ourselves to mastering these tools and imparting our knowledge to our audience, empowering them to unleash their full potential. Now, I'm delighted to share some of this wisdom with you!

Whether you're an aspiring children's book author, intrigued by transforming AI-generated images into short videos, or a parent inventing bedtime tales, this Class is tailor-made for you. Prepare for a journey brimming with fun and creativity!

### Here's what awaits you in this Class:

- Harness the power of ChatGPT to transform your simple story ideas into captivating plots.
- Master the art of prompting ChatGPT effectively and witness your scenes spring to life.
- Let AI weave intricate descriptions for your characters and settings.
- Enliven your story's characters and worlds with the stunning imagery of DALL-E 3.
- Seamlessly organize your story's elements using Canva Whiteboards for a smooth creative process.
- No prior prompting experience is necessary; immerse yourself in the Class. You'll need access to ChatGPT and DALL-E 3, but you can follow along without a ChatGPT Plus subscription.
- Come with an open mind, and prepare to be amazed by the wonders you'll create!
