Winsoft OBR ML Library for Android v2.0 for Delphi & CB 10.4-12 Athens Full Source

2026-10-16 10:52:18

seamlessly integrates with Delphi 12, harnessing the power of Google ML Kit for robust optical barcode recognition. With support for a wide range of symbologies, including Aztec, Codabar, Code 128, and many more, it provides comprehensive coverage for barcode scanning needs. The library offers the convenience of royalty-free distribution in applications, and its registered version includes full access to the source code for further customization and integration.

Key Features of **Winsoft OBR ML Library for Android** :

1. Seamless integration with Delphi 12
2. Utilizes Google ML Kit for powerful barcode recognition
3. Supports a variety of symbologies, including Aztec, Codabar, Code 128, and more
4. Source code included in the registered version for customization
5. Royalty-free distribution in applications
