We are all connected, supported by the earth that we walk on. Minerals form the foundation of our being as well as the world around us. ORE presets were designed by keeping this fundamental basis in the mind.

### Gfx plugin details of Archipelago Lightroom and ACR Presets and Creative Profiles

The product is in **Lightroom category** , for more information about this post you can click on the home page link in the sidebar.

A collection that is versatile and perfect for those looking to bring warm and vibrant shades of gold, copper, and iron into their photos.

The ORE Preset Collection includes 7 colors, 2 BW Presets, six Oxidization Presets, 3 Grain Presets, and three Creative Profiles. The Oxidization presets are made to be "layered over" any of the nine presets included in the collection! (Allowing for the possibility of 63 combinations!)
