Peekaboo Actions – LE PHOTOGRAPH: Peekaboo allow you to edit newborn images for Photoshop CC (2013-2021) (they aren't available in earlier versions). Ensure you've got the CC version before purchasing since it's an electronic product; the purchase is not refundable. Only suitable for use in the English as well as Spanish Photoshop language.

We've been developing our style over the years when editing our images. We wanted to increase the color of our backgrounds, props, and backgrounds to create a distinctive style color.. highlight the baby and add the special touch that makes our photos "ours." We are now ready to share these years of hard work with you. Check out this page to check out the beautiful things it has to offer:

PeekaBoo is a set of 63 Actions to aid you in editing newborn and baby photos. They are split into three categories:

The SKIN includes 11 actions specifically designed to alter the skin. It eliminates yellow, red as well as purple hues. Softens shadows and highlights. Blurs backgrounds, brightens up the image or creates the appearance of contrast... These are only some of the options that can be found in this category.

COLOR GRADIENT: to create softness to your background. It doesn't matter if we're working on the floor of a wooden building or a beanbag. It comprises 33 colors that fade and are arranged by tones to ensure that your baby stands out.

Final Edit: 19 Actions to add a touch of magic to your photos. The finishing touch that will bring it to life. The set of 63 actions is sold in a bundle and cannot be split.
