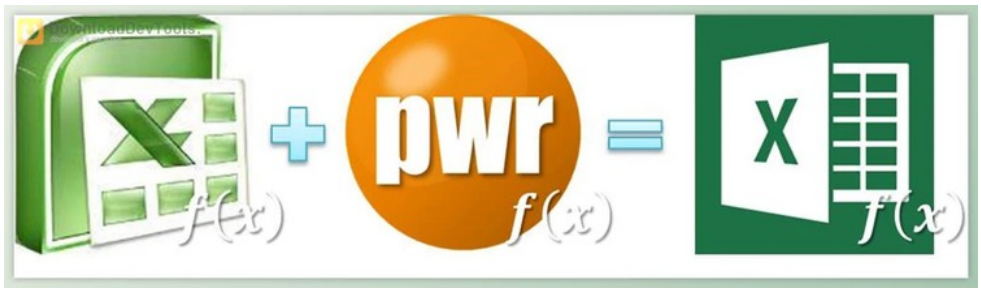
Excel PowerUps Premium Suite v1.15.4

2025-04-16 20:20:13



Excel PowerUps Premium Suite is a dynamic add-in that enriches your Excel experience by incorporating 50 new worksheet functions introduced in Excel 2013. This suite seamlessly integrates with 32-bit and 64-bit versions of Excel (2003, 2007, 2010, and 2013), extending its compatibility beyond the latest Excel release. Notably, Excel 2013 is not a prerequisite for enjoying these enhanced capabilities.

The suite includes a variety of functions, each mirroring the Excel 2013 counterpart, with names boldly prefixed by "pwr" for easy identification. From mathematical and statistical functions to those handling text, dates, and more, this suite covers a wide array of functionalities, such as ARABIC, GAMMA, ISOWEEKNUM, SHEET, and WEBSERVICE.

For a comprehensive Excel enhancement, the is bundled with additional features like Excel Field Validator, Excel Randomizer, Excel Text Analyzer, and Excel Web Assistant functions. Whether you're engaged in research, marketing, or managing extensive link collections, this suite ensures a seamless and feature-rich Excel environment.
