Dropgun Samples Vocal Kawaii Bass: Dropgun Samples is pleased to offer our new sample pack that includes Kawaii Bass-style sounds. Don't be afraid to look for your most popular music loops that can be incorporated into your track. The sparkling vocals of Paige Garabito bring your track to the next level. Deep bass, sharp synths, grand pianos, drum loops, Melodie loops, drum one-shots, and many more. This pack includes everything you need to start making Kawaii Bass, Future Bass, and Pop Music anytime you'd like to use it.

Igor Susoev is a sound producer, sound designer, and music composer for radio and television games and advertising. We are influenced by artists such as Wave Racer, Hyper Potions, Subtract, Kasbo, and many more. We'll be happy to hear these songs in the new tracks.

Included file

What is Vocal Kawaii Bass?

"Vocal Kawaii Bass" is a genre or style in electronic dance music (EDM) that merges the charming and adorable aesthetic of "kawaii" with the bass-heavy characteristics commonly found in bass music genres. "Kawaii" is a Japanese term translating to "cute," and this style has gained global popularity.
