G-Presets – Golden Presets by Grace Troutman: If you're familiar with Grace's work, then you know she has a method of making things just right. I call it"the Goldilocks Zone. This collaboration isn't other than the goldilocks zone. Golden Presets are awash in warm neutral tones that are golden and full of warmth. There are filmy hues as well as vibrant, warm profiles that will bring you a warm feeling in the way you utilize these presets. This pack contains 12 presets in total, including 10 colors, 2 black, and white. There are 8 stunning color profiles to increase or decrease the tone of each set of presets.

Golden Presets is a collection of 10 colors presets and 2 BW presets, as well as custom Creative Profiles (please check the * below to determine compatibility).

Below, images of before and after show how each preset affects an image that has the same exposure and white balance.

- These presets are only compatible only with Lightroom Classic CC (version 7.5 or later), Lightroom CC (version 1.3 or later), and Adobe Camera Raw (version 10.5f or later). For older versions, you need to upgrade your editing software to conform to the specifications.
- This preset package Does not include the lrtemplate files.
- Be aware that these presets were made to work with RAW images only. They only work with the version of the software above.
- This is a Desktop Preset (NOT mobile presets).
