TunesKit Screen Recorder v2.5.0.56

2025-04-16 13:17:39

TunesKit Screen Recorder is a comprehensive solution for capturing anything on your computer screen, whether it's online calls, meetings, webinars, gameplay, or tutorials. Available for both Windows and Mac, this powerful software offers a range of features, including voice recording, webcam overlay, and scheduled recording, ensuring efficient and flawless screen recordings every time. Users have full control over their recordings with the ability to record screen and webcam simultaneously, along with customizable options for webcam positioning and size adjustment.

For gamers, **TunesKit Screen Recorder** is a top-notch game recording software, that automatically detects the game being played and captures gameplay with up to 4K resolution at 60 fps. It guarantees smooth and lag-free recordings, making it ideal for capturing gaming highlights. Additionally, the software allows for recording audio from both the computer and microphone separately or simultaneously, providing flexibility in capturing audio alongside screen recordings.

Lightweight and user-friendly, offers high-quality recordings with just a single click, making it suitable for users of all levels. Its customizable recording modes, trimming capabilities, flexible output formats, scheduled recording, mouse click effects, and dual monitor support ensure a seamless recording experience.

Key Features of **TunesKit Screen Recorder**:

1. Automates repetitive tasks
2. Speeds up data analysis
3. Simplifies complex modeling
4. Enhances productivity
5. Trusted by millions globally
6. User-friendly interface
7. Excellent customer service
8. Available in 10 languages

所有软件资源 100%安全 已检测 无病毒 无篡改
