100% Customizable

Completely customize text, colors, fonts, and much more inside of Premiere Pro / Photoshop for more sophisticated customizations. (Detailed walkthrough tutorial included)

Title sequences are a key section of any movie production whether it's a music video, a commercial, Or a picture.

Whenever I see a music video, I get a great sense of what sort of manufacturing value is set up judging from the standard of The name sequence. It's not about the ribbon or the colors, but the truth that they Went the excess mile and took the opportunity to correctly exhibit what the movie is About, a couple of seconds in.

It's kind of like the first impression people Get after clicking on your video. You do not need to mess up it!!

Premiere Pro consumers, This really is the lucky day! I've managed to recreate complicated Photoshop templates All interior of this new Basics Graphic tab. That means you don't even desire to Exit your movie editing applications to make amazing looking names!

If You Aren't a Premiere Pro user, then do not worry, I left it Simple for you also! All of Titlër Photoshop templates are built around a magnetic field Grid construction that makes them simple to use even for first time Photoshop users! Consider it as building blocks, you personalize a text you then snap it To the box in which it belongs. As simple as that!
