French Romance Lightroom Presets and LUT QS3FCTE – 285590767:

French Romance is a curated collection of professional color toning presets and LUTs designed for Lightroom, Photoshop, and various video editing software. Ideal for enhancing portrait, fashion, editorial, and fine-art photography, these presets are crafted by a professional photographer and draw inspiration from the aesthetics of negative and slide film. The collection includes four unique presets—French Romance, French Romance on Film, French Romance on Slide, and French Romance Soleil—along with two LUTs (French Romance and French Romance - nograin) that add a romantic French flair and fine grain to your images.
