LenoFX - Split Screen FX 2 for Final Cut Pro:

Split Screen FX 2 is an intuitive and powerful tool designed to showcase more content within a single, visually appealing scene. With its sleek, modern interface, it allows users to easily add movement effects like zooming and panning. The tool also offers flexibility by letting you disable one or more drop zones, enabling a wide range of combinations for integrating titles or additional split screens. Its simplicity and functionality make it a great option for enhancing any project with dynamic visuals.
