Sand Effect Photoshop Action - 91990065: Bring your text or logo to life with the authentic appearance of writing on the sand – a realistic effect achieved in seconds. This one-click action is incredibly user-friendly and perfect for infusing a summer vibe into your projects. It seamlessly works with any interface language, allowing you to play the action multiple times within the same PSD. Choose the desired layer or layer group, and the magic unfolds. The package includes an ANT file (action file), a PAT file (sand patterns file), an ABR file (sand brushes file), a PDF guide with font links and instructions, and a PSD template for a quick and easy start.
