Winsoft Media Suite v2.7 for Delphi 11-13 Florence Full Source

2026-05-05 11:34:06

Winsoft Media Suite is a comprehensive digital media library for Delphi and C++ Builder, seamlessly integrating the powerful Microsoft Media Foundation API. Designed to cater to both Windows 32-bit and 64-bit platforms, this versatile suite is compatible with Delphi/C++ Builder versions 7 through 12, as well as Lazarus 3.0. With the registered version, developers gain access to the complete source code, facilitating customization and optimization according to their specific needs. Furthermore, offers royalty-free distribution rights, enabling developers to incorporate its capabilities into their applications without additional costs or licensing concerns.
