**Domestika – Vector Character Design With Geometric Shapes:** Join Laurens and Chantal, the renowned duo known as Loulou & Tummie, on an exciting online illustration course where you'll dive into the vibrant world of vector design and character creation using Adobe Illustrator. Through 14 comprehensive lessons and 21 downloadable resources, you'll master the art of crafting fun characters from scratch, learning to manipulate geometric shapes and bold colours to bring your ideas to life.

Guided by Laurens and Chantal's expertise, you'll explore various techniques and tools within Adobe Illustrator, whether you're a beginner or already familiar with the software. Each step of the way, you'll be encouraged to unleash your creativity, find inspiration in everyday life and hone your skills to develop your unique style.

The highlight of the course is the project phase, where you'll apply your newfound skills to design a range of original products. From custom stickers with personalized text to unique pins accompanied by bespoke backing cards and notepads featuring captivating cover patterns and practical interior grids, you'll showcase your ability to transform your illustrations into eye-catching and distinctive items.

Whether you're aspiring to create for pleasure or looking to turn your passion into a profession, this course offers an invaluable opportunity to expand your creative horizons under the guidance of two industry experts.
