10 Day iPhone Street Photography Challenge: Join our 10-day challenge and become a better photographer through project-based learning. We keep the theory short and sweet, focusing on practical challenges to enhance your skills.

Each lesson introduces photography basics like aperture and exposure, followed by a simple challenge: take three photos related to the day's topic. You can snap these photos anywhere, whether commuting, walking your dog, or running errands.

Utilize your iPhone's exceptional camera—since it's always with you—and unlock its full potential. Even if you're new to photography, this class will teach you everything you need to know and guide you on a practical journey to mastering photography skills.

Street photography, in particular, is accessible to everyone, as you can capture scenes from your everyday surroundings. While we discuss iPhone settings, the principles of exposure and composition apply universally to any camera or phone.

Regardless of your equipment, join the challenge, and let's hit the streets to transform you into a better photographer in just 10 simple steps!
