Professional photographer, I have created for many years a large assortment of presets for Lightroom that facilitate my post-treatment work.

Presets Lomo & Sun Flares Colors give your color photos a retro, vintage tone and tracks from sunlights for an original depiction

This presets-color range for Lightroom 4 (and subsequent ones) is perfect for processing photos of portraits and urban environments.

The presets will be sent to your email address immediately after your order has been received.

Information:

- Each preset reacts differently depending on the photo (chap) you have applied him to.
- There is no refund or repayment after purchase.
- Both for personal and business use. Without my permission, it is strictly forbidden that you resell or deal in these files.
