When you know the techniques to make textures, employing different strokes will bring life and life to your image by using every brush stroke.

This course will give you numerous tools, including images of reference templates and color palettes, to assist you on your journey to creativity. You will be guided in picking the right paint brushes, mixing colors, and then assembling your painting to create an aesthetically pleasing work of art.

After the class, you can paint your beautiful portrait that reveals its majestic nature. It doesn't matter if you want to decorate your home with gorgeous art, create personalized greeting cards, or get lost in the pleasures of watercolor painting. This class will allow you to create stunning, vibrant masterpieces.

I've been painting for several years, have participated in many art shows around the globe, and have won prizes from reputable organizations. In addition, I've had my work published in art journals. After successfully selling my originals and many prints across the globe, I decided to begin traveling using my paints and brushes. My style is contemporary and tries to capture the essence of what I'm drawing, allowing the freedom and creativity to shine through. I break down complex subjects into simple forms that encourage fun.

You'll Learn:

- What equipment and materials will I be using to paint along
- The basic technique for completing your first painting
- Avoid common blunders
- Selecting the appropriate colors for your painting
- How do you blend colors and create textures to achieve various effects
- Correcting and improving
- Final details that can make a significant impact
