These professionally created Lightroom Presets are perfect for food photos taken in any lighting condition. It enhances your photos with soft, vibrant tones and a hint of matte. This is what most food bloggers and photographers love. This download includes TEN (10) Lightroom presets that can be customized to your needs.

These presets were created by me, a professional portrait, lifestyle, and events photographer. This LR presets have been carefully selected to match the type of photos you are using for color correction.

Important:

These presets are compatible with Lightroom 4, 5, 6, and CC on Mac and PC. These presets are only compatible with Adobe Lightroom and not with any other version of Photoshop. These preset work with both JPEG files and RAW files. You will be able to download your digital file/s after purchase. You are welcome to use my presets for photos in your business. These presets cannot be resold, even after adjustments.

PS: While it is okay to make minor adjustments after using these presets for Photoshop, you will get the best results if your photos are properly exposed.
