What are Golden Hour Lightroom Presets"?

"Golden Hour Lightroom Presets" is a set of pre-defined editing settings that are designed to enhance and stylize your photographs, particularly those taken during the "golden hour." The golden hour is a specific time of day shortly after sunrise or before sunset when the sunlight has a warm and soft quality, creating a magical and flattering atmosphere for photography.

Using Golden Hour Lightroom Presets can save time in the editing process and help you achieve a consistent and captivating look for your Golden Hour photos. However, it's essential to remember that not all presets work equally well with all images. Adjustments may still be necessary to fine-tune the effect for each specific photograph.
