10 Advanced Photoshop Patterns to Make and Sell: 10 Advanced Photoshop Patterns to Make and Sell - A Graphic Design for Lunch(tm) Class

Graphic Design for Lunch(tm) is a set of short videos available in bite-sized pieces, for lunchtime, for example. In this course, you'll learn how to design ten advanced patterns using Adobe Photoshop. The instructions for all patterns are separated; you can study each pattern in the order you'd like. Each pattern showcases a variety of Photoshop techniques and tools to aid in the development of your abilities. Once you've completed this course, you can design ten designs ready for sale and use.

The patterns comprise a wavy line pattern; a knit pattern; a loopy line pattern, leaf patterns (created in three ways), a diamond pattern; a curve from the 50s pattern, and an argyle pattern. An uneven line pattern and a hexagonal pattern.

Lessons in This Class:
