SharkPixel – AI Presets: Automate your photo editing workflow in seconds with AI-powered presets for Photoshop and Lightroom.

These presets will help you:

- Transform portraits into beautifully retouched shots effortlessly.
- Achieve perfect masks instantly with one-click AI presets.
- Retouch portraits professionally, regardless of your skill level.

Included in this toolset:

- Portrait AI Presets: Utilize Adobe’s AI functionality to accomplish 90% of your retouching in seconds.
- Eyes AI Presets: Change eye colour, enhance impact, or brighten catchlights with one-click masking and powerful adjustments.
- Lips AI Presets: Let AI handle the hard work of lip retouching, allowing for quick colour changes in under a second.
- Skin AI Presets: Effortlessly retouch skin and make specific improvements for flawless results in no time.
- Face AI Presets: Simplify local adjustments to your model's face with easy one-click changes.
- Hair AI Presets: Enhance hair depth, alter hair colour, and more with a single click for creative portraits in seconds.
- How-to Video: Use the included instructional video guide to install and utilize these AI presets.
