Accelerate your editing workflow and boost the sound quality using these audio pre-sets! Drag the preset into your editing area and apply it to your video. It's as simple as that!

The pack includes audio presets for the most well-known audio-related applications, such as outdoor and indoor Vlogging, tutorial-style video podcasts, and more. I've included a range of audio sources, including, GoPro, smartphone, camera audio, and a variety of microphones externally. Whatever you use to make your videos, there's the right preset for it here.
