Filmiclab ClassicFilm 2 - Pro Lightroom Profiles:

ClassicFilm 2: Pro is an "Authentic Film" collection of Lightroom Profiles focused on the alluring look of a 35mm and designed for instant transformation. Each profile is sampled from accurate film stock, which captures the rich colors wrapped in negative tones and the range of dynamic antique photography. With this collection, professional photographers can now capture the true essence of films without worrying about processing the movie. Over 45 meticulously crafted profiles were created under ClassicFilm 2 – Pro to ensure timeless versatility and high-quality film aesthetics.

Includes:

- **Authentic Film Emulation:** Profiles are sampled from actual 35mm negative film, providing original analog effects.
- **45+ Lightroom Profiles:** An expansive set of films styled profiles with more which will be released over time.
- **Fully Adjustable:** You can use creativity to adjust color, contrast, and tones.
- **Seamless Integration:** Now, professional photographers can execute inspiration using their imagination's center eye, Adobe Lightroom Classic, and on the go with Adobe Lightroom Mobile after synchronizing the cloud.
- **Instant Transformation:** With a button click, elegant film-like results can now be achieved effortlessly.
- **Creative Freedom:** Profile the intent to create delicate, retro scratches or dramatic micro film style effects.
- **Cloud Sync:** Edits are consistent on any device with Adobe Creative Cloud.
