TMS FNC UI Pack v6.3.1.2 (04 Feb 2025) for Delphi & CB XE7-12 Athens Full Source

2025-01-02 10:43:20

TMS FNC UI Pack is a comprehensive collection of versatile UI controls for Delphi & C++ Builder, offering powerful features across platforms like VCL, FMX, LCL, and TMS WEB Core. This unified component set includes essential tools such as grids, planners, tree views, ribbons, and rich editors, ensuring compatibility and streamlined development.

The high-performance grid enhances data visualization with advanced features, and the kanban board and multi-column tree view provide customizable solutions for efficient task management. The ribbon-style toolbar facilitates the creation of modern user interfaces with easy adaptability using pre-defined themes. The flexible planner/scheduler supports various display modes for organized team planning.

TMS FNC UI Pack also features a cross-platform syntax highlighting memo powered by Monaco, the Visual Studio Code editor, providing advanced features like breakpoints and code completion. With a single high-performance multi-platform codebase, the simplifies application development, offering a powerful, unified solution for creating feature-rich user interfaces.
