Lilia alvarado Holiday Eve Compositing Tutorial: This video tutorial explains the composition process using digital backgrounds and subject selection using RAW files. Adobe Camera Raw and Photoshop 2020 are utilized for all post-processing. According to Lilia Alvarado's previous students, the methods you are taught should be translated into different versions of Photoshop and Lightroom. However, since she's not an expert in Photoshop Elements or Lightroom, purchasing any editing software other than the one she is using can be done at your decision.

IN THIS TUTORIAL, YOU'LL LEARN THE FOLLOWING:

- Editing and subject selection
- Evaluation of the quality, along with the direction
- Compositing techniques that use layers of digital backgrounds (background does not supply)
- Adjustments via Frequency Separation
- Increase the dimension and depth of the image
- All-over and selective sharpening

WHO THIS TUTORIAL IS FOR:

Professional Photographers or Hobbyists who are familiar with the fundamentals of photography and editing images, Photoshop navigation, tools, layers, and masks.
