

Adobe Photoshop and Illustrator for Merch By Amazon and PoD

2025-02-10 17:05:28 [label](#) [我要反馈](#) [下载页面](#)

Requirements

- It is helpful to be able to work with Photoshop or Illustrator

This course is intended for those who are new to Adobe as well as people who have used Adobe Photoshop and Illustrator for some time.

In my course, I am working on beautiful design concepts to be used on Merch By Amazon and other Print On Demand merchandising sites (like RedBubble, Etsy, Sunfrog, Zazzle, Cafepress, Teespring, Spreadshirt, Teepublic, and many more.)

Gfx plugin details of Adobe Photoshop and Illustrator for Merch By Amazon and PoD

The product is in **Tutorial category** , for more information about this post you can click on the home page link in the sidebar.

I've used Photoshop along with Illustrator for more than 20 years. I first started using these applications when I was doing work as a Print Design. This is the reason why my experience is relevant to this course.

You can enroll in this course knowing nothing about Photoshop or Illustrator. You can also learn about graphic design. Soon, you will master the art of creating stunning T-shirt designs that sell and generate a passive income online.

The course lasts for five hours and includes numerous additional materials that are available for download (Adobe Illustrator documents as well as Photoshop documents).

You can go through the course and only watch the Illustrator videos, or only all the Photoshop video tutorials, but it's all up to you!

This course is to be used for:

- Anyone who is interested in learning about designing T-shirts using Photoshop or Illustrator
