Kianna Cori - Presets pack is made for physical environments, capturing the photographers' warm, life-like tones and colours. Designed for advanced photographers and photography zoom, A preset pack ensures uniformity between beaches, deserts, and ultra-rich forests. The pack has nine color presets, two black-and-white options, and two adaptable to flash, backlight, and even studio settings. These sets capture authentic colours while editing while time is saved.

- **9 colour presets:** Slight alterations allowing components of a particular image to shine.
- **2 black-and-white presets:** Standout soft and blurry presets for mood-capturing tonal effects.
- **Time-Saving:** Naturally authentic edits with ease and comfort at any speed.
- **Compatible with Lightroom Classic:** Suitable for learners of photography and year-round photography capturers.
- **Don't Need Other preset packs:** Fulfill any photo shoot requirement.
