Antiutopia is an amazing collection of bizarre experimental sounds and thought-provoking layers. Created with the intention of blurring the boundaries between sound and media FX, Antiutopia is a sample pack that is brimming with creativity. Utilizing unique sounds which you've never seen before, the pack provides a wide range of FX sounds that will raise the sound of the future projects you'll be working on. The FX pack is the ability to be used as bass FX. Drones, ghost noises grunts, sounds, and the dedicated SFX library, and constantly evolving rhythm loops that allow for the most flexibility.

We've set new standards by introducing these SFX & FX collections, the clarity of sound is exceptional and it comes with a wide range of styles ranging from challenging moves and futuristic movement. The soundscapes are awe-inspiring travels, drones buzz with anticipation and the growls are unlike anything previously heard and the hits are all the force to deliver terrifying attacks. The rhythm loops transform this fantastic FX pack into something exceptional.

Antiutopia SFX can be downloaded for download right now in free royalty-free 24 Bit Wav format.
