# GuideGuide v5 Full for Photoshop & Illustrator (Win/Mac)

2025-02-10 16:39:32　　label 我要反馈　　下载页面

- Take the pain from grids and guides on your Favorite layout tools.
- GuideGuide is an extension that lets you Fast and easily makes grids and control guides using a constant UI in Photoshop, Illustrator, Sketch, and Adobe XD.
- Insert Guides dependent on the canvas, artboards, or choice.
- Instantly mark borders and midpoints using guides.
- Clear Guides predicated on canvas, artboard, or choice.
- Produce Custom made grids that are overly Complicated for additional grid tools.
