

G-Presets – PACK 01 Styles for Capture One Pro

2025-02-10 16:41:02 label 我要反馈 下载页面

Pack 01 is filled with deep reds and vibrant browns that help anchor images without weighing them down. Add new depth to landscapes, while subtle hints of contrast will keep your skin tones glowing. This pack is extremely easy to use and will enable users to quickly create the mood while increasing workflow speed.

The package includes high contrast Presets (14 Presets), Low Contrast Presets (14 Presets), as well as a set of Tools Presets (14 Tools) to complete the set with 42 Presets.

The images below illustrate how each preset alters an image using the same light and white balance.

*Please note that these images were made to work with RAW images only. They are compatible with Lightroom 4, Lightroom Classic CC as well as Adobe Camera Raw.

PRESET 1

The preset has two versions of the High Contrast and Low Contrast versions and two Alt alternatives that eliminate those red-colored undertones. Check them out below.

PRESET 2

This preset comes with High Contrast as well as a Low Contrast variant along with two Alt options that take away any red hues. Check them out below.

PRESET 3

This preset comes with two High Contrast versions and a Low Contrast version and two Alt alternatives that take away any red hues. Check them out below.

PRESET 4

The preset has two versions of the High Contrast and Low Contrast versions along with two Alt options that take away those red-colored undertones. You can see them below.

PRESET 5
