Cinegrams - Vintage Film Lightroom Presets:

Capture your best shots with the stunning appearance of classic cinematography with Vintage Film Lightroom Presets, but enjoy it even more with genuine Fujifilm, Kodachrome, and CineStill films. With authentic grains, halation, and a colour profile specific to each shot, we put the magic of filmmaking in your hands. The package contains a halation brush, which adds a red-glow style halation effect to light sources. Our custom presets work without issues in both mobile and desktop versions of Lightroom and comes with an installation guide to save you trouble.

10 Film-Inspired Presets: Every preset has been expertly made to match the tones and surfaces of vintage films.
Cinematic Halation Brush: Adding a red-glow halation style makes the light source appear more appealing.
Lightroom Mobile Ready: Custom presets work in both Lightroom's mobile and desktop apps.
Instant Access: After payment, it is automatically received through email.
Seamless Modifying: Attain results with a golden hour feel and professional film quality with just a few tweaks.
