

### Canary Julz ONYX V2 (MIDI Collection)

2025-02-10 16:59:42    [label](#)    [我要反馈](#)    [下载页面](#)

**Canary Julz ONYX V2 (MIDI Collection):** If you own the first track, it will inspire you to create hundreds of new beats and places!

For this compilation, I have included several genres. I decided to include Hyperpop/Virtual Genre and Lofi because that is your people's favorite folder within the collection.

However, I included SOULFUL Trap, Emotional Trap, and more, making this an extremely flexible MIDI Collections of all time.
