Layered Patterns– A Graphic Design for Lunch™ Class: Graphic Design for Lunch(tm) is a set of video tutorials you can learn in bite-sized chunks for lunchtime, for example. In this course, you'll learn how to create two layered patterns, one with leaves and the other with free-to-download vintage design elements. It will teach you not only how to make patterns and make them more dimensional using shadows but also how to arrange your screen to allow you to work on these patterns. You will be taught how to save your workspace, design an image style, and keep track of actions to make the pattern creation process. Once you've completed this course, you will be equipped with the information needed to make yourself multi-layered designs using Photoshop. Additionally, you will have added some new and valuable techniques to your Photoshop toolkit.
