How to combine romantic and moody colors with cinematic color gradation using Quest?

You can use "Archipelago Quest – Quest 07 Presets" to edit.

Where can I download the product?

After subscription, You can download it for free from here.

Quest 07 is now available! Quest 07 is here! This seventh installment of Quest combines romantic, moody tones with cinematic color grading. It creates a soft, yet striking aesthetic that can be used to tell powerful stories through imagery. Each variation explores different color grades that can be used to suit specific scenes or subjects while remaining consistent overall.

- Compatible Lightrooms
- This project includes: XMP

What is Quest 07 Presets?

"Quest 07 Presets" could potentially refer to a set of presets designed for a specific software or application, likely related to video editing, motion graphics, or visual effects. Presets are pre-defined settings or configurations that users can apply to their projects to achieve certain visual effects or styles more efficiently.
