The first set includes 39 basic brushes to draw letters, From the sketch to the final drawing. You can also create the effect of engraving, hatching, or attempting to mix the two. Additionally, the set includes brushes made on the basis of older and worn-out textures. Make use of them to give your work a vintage appearance and add interest. Refining calligraphy brushes will allow you to practice different writing styles in the Victorian period, from Gothic to Copperplate.

**The second set is about decorating.** It comprises **42** stamp brushes. Add a touch of sophistication to your work by using sophisticated, symmetrical artistic strokes and patterns. Do not be afraid to complicate the lettering, as it's impossible in Victorian fashion! Many decorative elements in the second setting allow you to make beautiful and elegant letters. Complete your composition by adding frames and banners to make your composition complete.

**The third collection of letters** was developed from a study of exquisite Victorian Typography examples. It can be used in compositions as well as for the base of monograms or bookplates.
