In this class, you will be taught **ways to draw a classic car with professionally-designed markers!**

This project is a lot of enjoyable and relaxing to create and will allow you to improve your drawing abilities when working with professional markers as well as loose sketching.

In this class you'll be taught:

- What kind of paper is best for professional markers?
- How do you write your paper?
- How do you draw your first sketch using loose techniques for sketching
- How do you sketch your vehicle using markers from professionals
- The goal of this class is drawing your own vehicle with professional markers.
