Most important instruction:

- (1) First step opening an image in Photoshop. After that, you can expand the area around the image to get the most effective outcomes. Choose the background image that you would like to use, and then use the cropping tool from the toolbar. Then, expand it to all sides. Now, you must resize your image. To resize your image, select the crop tool. On the top menu bar. There are W x H Reso, three empty boxes. In the boxes, write W 3000px H 2000pxand Resolution 72. Enter.
- (2) 2. Open your photo Create a new layer. Then change your name from "paint"(in lowercase). Choose a paintbrush to draw your image. Be sure to close the "paint" layer eye and continue to choose the "paint" layer Then click play action.
