A simple and fast method to have fun by creating artwork. Let the light shine by pressing an action. If you've never tried these actions before, you can find an easy-to-follow guide to guide you through.

The action set includes six presets: Complete connectors and Sign (plugs as well as wire) Each one comes in two strengths: standard and thick. "Complete" is for one color signs, including the lighting as well as connectors. The sign is used to create the lighting effects, only Connectors are used to create the wires and plugs when combined, to create multi-color signs. This action has been tried with PS2plus and PSE 11+. Make sure that you are using 8 bits mode in order for the actions to function properly.

Included:

- Six preset actions (ATN files)
- an easy-to-follow guide (an excellent resource for those who are unsure about how to use actions)
