Retro Wedding Preset Pack includes 10 presets, including Lightroom, Photoshop, Adobe Camera Raw, and Photoshop.

This is for professionals and amateurs who want to improve their workflow and enhance their wedding style. Retro Wedding Presets add a retro, vintage look to modern DSLRs, mirrorless, and smartphone photos. Presets provide a versatile, pleasant medium-high toning and 2 variations for various lighting/shooting conditions. Your wedding portfolio and Instagram account will benefit from these presets.

For best results, please use RAW images. If necessary, adjust white balance, exposure, and contrast to achieve a consistent look.
