UniFab v3.0.2.9 for Win x64 Multilingual

2025-10-09 20:38:56

UniFab presents an all-encompassing video processing solution, harnessing the power of AI to revolutionize video and audio editing. With , users can effortlessly enhance video resolution up to 4K, upscale videos to HDR or Dolby Vision standards, and upmix audio to immersive DTS 7.1 surround sound. This comprehensive tool suite covers every aspect of video enhancement, from noise removal to frame rate boosting, ensuring a superior viewing experience for all types of content.

Notably, **UniFab**'s advanced AI algorithms enable precise noise removal, eliminating artefacts caused by low-light conditions or high ISO settings while enhancing video smoothness with frame rate interpolation up to 120FPS. Moreover, **UniFab** simplifies video conversion by supporting over 1000 formats and providing lossless compression options for easy sharing on social media platforms. Additionally, its integrated video editor offers a range of professional editing features, from splitting and cropping to speed adjustment, catering to novice and experienced users.

With GPU acceleration technology, **UniFab** achieves processing speeds up to 50 times faster than traditional methods, optimizing productivity and minimizing waiting times. Furthermore, its seamless integration with sister products DVDFab and StreamFab allows direct import of videos for upscaling and enhancement, streamlining user workflow. **UniFab** emerges as the ultimate AI-powered video processing solution, delivering unparalleled quality and efficiency for all video editing needs.

Key Features of **UniFab**:

1. Upscale video resolution to 4K
2. Convert videos to HDR and Dolby Vision with AI
3. Upmix audio to DTS 7.1 surround sound
4. Enhance video quality to 1080p/4K with AI
5. Remove noise from videos caused by low-light conditions or high ISO settings
