Create Beautiful Mock-Ups In Procreate Using Photos: Hello there, creative friend! Welcome aboard! I'm Sarah, an artist and designer, and I'm thrilled to have you join me in this class, where I'll guide you through creating realistic mock-ups using the Procreate app.

Whether you're a beginner or an experienced user, I'll take you through each process step, making it accessible to everyone. I've provided the stock photos we'll use in class, but feel free to incorporate your own for a personalized touch.

We'll kick things off with a simple pillow mock-up and gradually progress to more intricate projects. By the end of the class, you'll master the art of mock-ups in Procreate!

So, grab yourself a cosy drink and your iPad, and let's dive in!
